Student Competitor Evaluation Request

Evaluator for Student Competitors

The Education Committee, in association with Student Membership, will attempt to secure 1-2 AIFD volunteers to critique/evaluate student competitor designs prior to the National SAIFD Competition. We hope this will be a learning enhancement and help student gain several different aesthetic perspectives in our highly subjective field of floral design. Please provide two choices of dates for these critique sessions. Remember, these critique/evaluation sessions are primarily for your student competitors, not an entire class. **May 1st is the deadline** for requesting these critique/evaluation sessions.

Dates of proposed Critique/Evaluation Session: 1.

2.
